**Subject:**

**Fire Restriction Notice**  
**Effective July 10<sup>th</sup> through August 31<sup>st</sup> 2015**

---

Effective July 10th 2015, Weber Fire District is enacting fire restrictions which affect all of Unincorporated Weber County east of Highway 89, Harrison Boulevard and Mountain Road. These restrictions will remain in effect until August 31<sup>st</sup> 2015 or until conditions improve.

The current conditions of vegetation in our area have created an extreme fire hazard. Due to these conditions a ban of the use of **all fireworks and open fires** in the restricted areas has been implemented (unless specifically approved). Campfires are allowed in approved fire pits only.

Although this notice allows for campfires, it does not mean that we can let our guard down. Conditions vary greatly throughout Weber County and it is important that everyone use good judgment when deciding to have a campfire. If a campfire gets out of control and creates a wildland fire, the individuals responsible for the campfire may be held responsible for the costs associated with fighting the fire.

We ask the public to please exercise good fire safety practices when having campfires. Here are some tips:

- Ensure that your campfire pit is in an area where the fire may not spread to other vegetation. A distance of 15 to 25 feet is recommended from the fire pit to other combustible materials.
- Keep the fire no larger than 3 feet in diameter and 2 feet in height.
- Have a means to extinguish the fire.
- Fires must be attended by an adult at all times.
- Completely extinguish the fire when done with the activity.

If you need further assistance, please contact Weber Fire District at 801-782-3580 or visit [www.weberfiredistrict.com](http://www.weberfiredistrict.com).

Sincerely,

Brandon Thueson  
Fire Marshal  
Weber Fire District
